"BUT THERE IS A FRIEND WHO STICKS CLOSER THAN A BROTHER." PROVERBS 18:24

GIVE TODAY

DEAR PRO-ISRAEL FRIEND,

Just when you thought Joe Biden could not do anything worse to Israel, he does. It's horrific that Joe Biden has already ...

Sent \$1 billion in taxpayer dollars to aid Palestinians — enemies of the Jewish state who fund and celebrate vicious acts of terror against Israelis and want to eliminate Israel.

Wasted more than two years trying to do a deal with "death to Israel"-chanting Iran. Despite Israeli protests, Biden has been fruitlessly dickering with the world's foremost terror state all this time, and doing so while Iran's advanced, high-speed centrifuges were spinning night and day.

That has taken the criminals ruling Iran to the precipice of a nuclear arsenal. And it's all happened right under Joe Biden's nose. Despite all this, Biden just waived some sanctions on Iran, giving the terror state a \$2.76 billion windfall.

But now, even as Biden appeases Iran, he is also boycotting Israel! Let me explain ...

In late June, word leaked that Biden's State Department was suddenly severing any and all scientific and technological ties with Israeli universities and other organizations. This *de facto* boycott impacts schools and other entities in parts of Jerusalem, Judea, Samaria, and the Golan Heights.

All areas Team Biden deems "OCCUPIED" by Israel and whose RIGHTFUL OWNERS,

in the administration's calculus, are yet to be determined!

Never mind that God promised this land to Abraham and his descendants. Never mind that the post-World War I Mandate for Palestine gave this land to the Jewish people. Never mind that Israel WON control of these lands in wars waged against the Jewish state by Jordan and Syria.

None of that matters to Team Biden.

Rather, the administration deems these areas "occupied" by Israel — a nasty accusation that recasts righteous Israel as an interloper in its own God-given homeland!

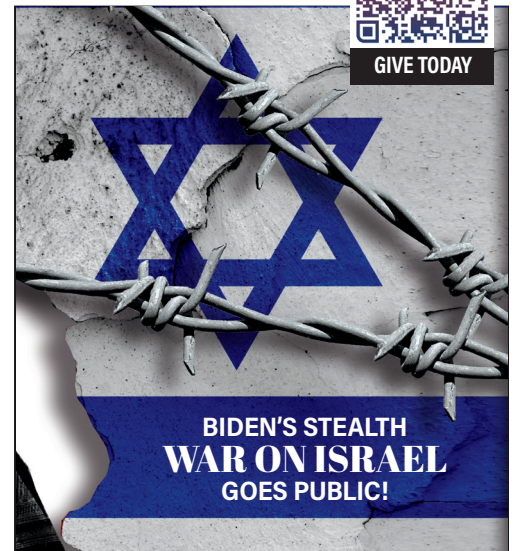

The Biden regime insists, falsely, that the presence of Jews on their historic and God-given land undermines prospects for a two-state solution and Middle East peace.

And that's why the State Department is imposing a freeze on science and technology partnerships with Jewish Israeli entities in Judea and Samaria, the Golan Heights, and *even parts of Jerusalem*.

Of course, science and technology partnerships with Palestinian organizations in these areas are just fine!

The Biden Boycott is an outrage and plenty damaging by itself. But it also gives the nod to private sector boycotts of Israel.

"Make no mistake, the United States, by this action, is embracing the BDS movement," former U.S. Ambassador to Israel David Friedman exclaimed in a blistering rebuke. (BDS refers to the Palestinian-led economic war on Israel. It seeks to boycott,

divest, and sanction Israel — ultimately to **destroy** the Jewish state.)

Sen. Ted Cruz slammed the State Department action. "Joe Biden and Biden administration officials are pathologically obsessed with undermining Israel," he exploded in a tweet.

Cruz held nothing back ...

The Biden administration defends funding scientific research in Wuhan with the Chinese Communist Party, but they're discriminating against and banning cooperation with continued>>

Jews based on where they live. I will do everything possible to reverse this decision and prohibit such antisemitic discrimination by the U.S. government in the future.

You and I must act to bust the Biden Boycott!

Please take a moment right now to sign and return the **BUST THE BIDEN BOYCOTT OF ISRAEL NOW!** petition. Act right away. I want to collect and send the declaration of every friend of Israel who signs this petition to House and Senate leaders just as soon as possible.

And as you respond, I ask you to chip in with a much-needed gift of \$35, \$50, or \$100 to help me expose and defeat the Biden Boycott! Our pro-Israel voice is urgently needed now.

Your gift now blesses Israel. You help us defend and celebrate God's chosen people across America and in Washington, D.C., where Israel-hating Democrats like Rashida Tlaib demonize and smear the "apartheid" Jewish state.

Let me quickly give you one more critical detail that makes the Biden Boycott all the more sinister.

Not only will the State Department boycott hurt Israel, it's also a secret, back-door reversal of President Trump's historic recognition of Jerusalem and the Golan Heights.

"By seeking to block science funding in places like Jerusalem and the Golan Heights which were recognized as Israeli by President Trump, the Biden administration is attempting to subtly undo American recognition without taking any significant political backlash," Israeli legal expert Eugene Kontorovich said.

You and I must deliver that **BACKLASH** now! Again, please sign the **BUST THE BIDEN BOYCOTT OF ISRAEL NOW!** petition and return it right away with your kind gift to bless and defend Israel.

And in thanks for your special donation of \$50 or more, I want to send

you the unique and lavishly illustrated, full-color hardcover coffee-table gift book, *Why Israel Matters: Past Present, Forever*. I know you'll treasure it and find it fascinating.

Finally, consider this: The same week that news broke about the boycott, Israeli Prime Minister Benjamin Netanyahu celebrated Israel's astonishing economic prowess.

In a speech, Netanyahu declared Israel's "knowledge-intensive" economy could "easily" emerge as one of the globe's top 10 economies.

That's no empty boast. **Israel's GDP per capita now exceeds that of Canada, Germany, Britain, France, and Japan.** *The Economist* magazine ranked Israel the fourth-best performing economy among developed countries in 2022.

Netanyahu added:

We now receive 20% of the start-ups in AI and a slightly larger number in cybernetics. The United States is in first place, we are in second, and we are 1/1,000 of the world's population.

But Joe Biden wants to wage economic war on the thriving Jewish state. He is doing so at his own peril — and that of the United States. God's Word is clear: "I will bless those who bless you, and him who dishonors you I will curse" (Genesis 12:3).

That divine promise has been proven throughout history — most recently in

the case of Great Britain, which turned its back on the Jewish people from the 1920s onward and watched helplessly as its global empire dissolved. A similar outcome is ahead for America if we boycott instead of blessing the Jewish state!

For that reason, your voice on behalf of Israel is needed now. Please sign the petition to BUST THE BIDEN BOYCOTT OF ISRAEL NOW! and return it right away.

As you do, I ask you to please consider a gracious gift of \$35, \$50, or \$100 today to mobilize all our efforts on Israel's behalf. And to defeat the Biden war on Israel!

Remember, in thanks for your generous and much-needed gift of \$50 or more, I'm eager to send you the beautiful coffee-table book, *Why Israel Matters*. It's perfect for your home or as a gift to spread the truth about Israel!

Act today. Together, let's make our voice heard as friends of Zion!

I'm so grateful for your friendship and love for Israel!

BUST THE BIDEN BOYCOTT OF ISRAEL NOW!

A Petition to Congressional Leadership

To: House Speaker Kevin McCarthy, House Majority Leader Steve Scalise, Senate Majority Leader Charles Schumer, Senate Minority Leader Mitch McConnell

The Biden administration shocked friends of Israel in June when it announced its de facto boycott of the Jewish state. The State Department's decision to sever all scientific and technological ties with universities and other entities in Judea and Samaria, the Golan Heights, and parts of Jerusalem is a slap in the face of our closest Middle East ally and our nation's most invaluable security partner.

I am asking you to act now to end the Biden Boycott and restore open scientific and technological exchange and funding between the U.S. and schools and other organizations in these areas that belong to Israel as a matter of biblical promise, historical precedent, international law, and the law of war.

Please stand with Israel. Act to overturn the Biden Boycott!
