"BUT THERE IS A FRIEND WHO STICKS CLOSER THAN A BROTHER." PROVERBS 18:24

BIDEN/HARRIS PROP UP ENEMY OF ISRAEL AND AMERICA!

If there's one phrase that pops to mind to describe the state of U.S.-Palestinian relations under Joe Biden, it's **"stuck on stupid."**

Let me explain.

Just two years ago, Palestinian leader Mahmoud Abbas stood next to Joe Biden in Bethlehem.

An aging autocrat who funds terror and tortures Palestinians, Abbas welcomed Biden "as a dear guest of Palestine, in the city of Bethlehem, the cradle of our Lord Jesus Christ."

"We are not terrorists," Abbas told Biden in that 2022 meeting. Instead, Abbas insisted on the Palestinian commitment to "fighting terrorism in our region."

But just days before Biden arrived, Abbas HIKED the payments the Palestinian Authority makes to hundreds of terrorists who attack and kill innocent Israelis!

Joe, in turn, waxed rhapsodic about prospects for peace, as he called for "Two states for two peoples ... living side by side in peace and security."

He also handed out taxpayer dollars, announcing even more U.S. funding for Palestinians — some \$800 million.

But here's the twist ...

In Istanbul in August, Abbas railed against the U.S. in a speech to the Turkish Parliament.

An unelected tyrant who Biden/Harris prop up, Abbas praised the late Hamas terrorist Ismail Haniyeh and called Hamas terrorists who die fighting Israel "martyrs." Abbas also bit the hand that feeds him.

"America is the plague, and the plague is America," Abbas told Turkey's parliament, which answered with applause.

That's what billions in U.S. aid money will buy you in the wacky, toxic Palestinian world.

And Abbas is not alone. Other Palestinian figures rival Abbas in hate for America. As Palestinian Media Watch reports:

- Abbas' advisor: "The criminal American administration led by criminal President Biden."
- Fatah Youth Movement: "The American administration is the head of the terror." (Fatah is the leading faction within the Palestinian Liberation Organization. Abbas is chairman of Fatah.)
- Official Palestinian Authority TV: "The US is fighting the Palestinian people with an Israeli arm."

Outrageous. But here's what makes all this so "stupid" and surreal ...

Despite these insults, despite Palestinian hate for America, despite the Palestinian's *poisonous* malice for Israel, the Biden/Harris administration **still doles out your tax dollars and mine on Abbas and his cronies — \$674 million so far this year!**

It's bizarre that U.S. aid dollars keep flowing into Palestinian bank accounts, especially considering the following multi-count indictment:

- **24/7 Hate for Israel:** Official Palestinian media is awash in scurrilous attacks that stir up genocidal hate for the Jewish people. In August, Palestinian Authority TV aired a Muslim preacher calling for "decisive victory" for Hamas in Gaza and declaring: "O Allah, strike the thieving Jews ... kill them one by one, and do not leave even one of them."
- **Apologists for Hamas:** Eleven months after the worst atrocity against Jews since the Holocaust, Mahmoud Abbas has not yet condemned Hamas. Instead, he
- and other Palestinian leaders charge Israel, falsely, with "ethnic cleansing," "war crimes," and "genocide" in Gaza. Other Palestinian leaders whitewash Hamas. A Fatah official insisted that the Israeli victims Hamas kidnapped and dragged into Gaza on Oct. 7 were, for the most part, soldiers. Any civilians taken, he lied, have been returned.
- **Palestinian Police State:** Palestinian Authority forces use torture and arbitrary arrests to crush dissent, according to both Human Rights Watch and Amnesty International. Among the alleged abuses, AP reported, are "whipping people's feet, forcing detainees into painful stress positions, hoisting up people's arms behind their backs with rope."
- **Palestinian "Pay for Slay":** Abbas told Biden, "We are not terrorists," but he oversees the Palestinian "pay-for-slay" program that shells out more than \$300 million annually to compensate terrorists who maim and murder Israelis. That huge payout is 8% of the Palestinian Authority (PA) budget. It's an utter scandal about which the Biden/Harris administration is fully aware. It's also illegal under the federal Taylor Force Act, which bans U.S. aid to the Palestinians if they fund terror.
- **Officers by Day, Terrorists by Night:** U.S.-trained-and-funded Palestinian Authority Security Forces (PASF) moonlight as terrorists. At least 78 PASF personnel committed acts of terror between 2000 and 2024, according to the Israeli group Regavim. Some 12% of the terrorists held in Israeli prisons are part of the PASF. The PA celebrates these dirty soldiers as "martyrs" in the cause of Israel's destruction.
- **Genocidal Mission:** The Palestinian Liberation Organization, also headed by Abbas, controls

the PA and is dedicated to Israel's destruction. The PLO charter proclaims the "national duty to repulse the Zionist, imperialist invasion from the great Arab homeland and to purge the Zionist presence from Palestine."

- **Battalions of Terror:** The Palestinian Authority is losing control in parts of Judea and Samaria, which is fast becoming a new front in Iran's "ring of fire" strategy to encircle Israel with terrorist forces. Some 15 Iran-financed "battalions of terror" now operate in Israel's biblical heartland.

Despite *all this*, Joe Biden and Kamala Harris want to keep sending taxpayer millions to an organization focused on Israel's destruction.

As I say, the Biden/Harris Palestinian policy is "stuck on stupid." But now is the time for friends of Israel like you to join together and tell Washington, "No More!"

STOP THE MADNESS! NO MORE PALESTINIAN AID!

An Urgent Citizen Petition to House Speaker Mike Johnson, House Majority Leader Steve Scalise, and House Minority Leader Hakeem Jeffries

Re: Cut ALL U.S. financial aid to the Palestinian Authority

Dear Speaker Johnson and House Leaders:

Please eliminate all U.S. funding for the Palestinian Authority and its affiliated organizations. Such funding is illegal under the Taylor Force Act and fuels terrorism against Israel.

Palestinian Authority President Mahmoud Abbas is an illegitimate and unelected despot accused by Human Rights Watch and Amnesty International of serious human rights violations, including arbitrary arrests and torture. He is supreme commander of the U.S.-trained-and-funded Palestinian Authority Security Forces, whose ranks include terrorists who spend their off hours attacking Israelis. The PA funnels more than \$300 million annually to reward terrorists who kill or injure innocent Israelis. Add to that, Abbas blasted the U.S. in August, telling the Turkish Parliament: "America is the plague, and the plague is America."

It is absurd and nightmarish to send my taxpayer dollars to a terror-soaked organization that exists to destroy Israel. As an American who loves Israel, I strongly ask that the House immediately cut all U.S. aid to the Palestinian Authority.

A deeply concerned friend of Israel,

SIGNED
Mr. James W. Hannon, Belleville, PA
